

BAIS
ADMISSIONS HANDBOOK

WELCOME

Welcome to Bandung Alliance Intercultural School (BAIS). BAIS is an American-style, university preparatory school with a biblical worldview. The school is accredited by the Western Association of Schools and Colleges (WASC) and the Association of Christian Schools International (ACSI). Our campus is host to students from countries around the world and offers an exciting multicultural environment for students to learn.

The purpose of this booklet is to assist parents in making the admissions process as smooth as possible. It provides information that you need regarding the enrollment process as well as services available at BAIS.

ADMISSIONS POLICIES

ACCEPTANCE POLICY

- Space is available in the grade the applicant is qualified to enter.
- Students must be the required age by Sept 30 of the current school year.
- The student's previous school records meet the academic requirements for admittance.
- Students who do not have English as their first language will have an English language exam and their results must meet the school requirements and programs available.
- There is space available in ELD for applicants requiring ELD support.
- The results of an interview between the family and the principal are satisfactory.
- High School students from non-accredited schools will have their credits validated by the Guidance Counselor. The placement of such students will be on a trial basis until proper validation of the previous credits has been attained.

WAIT POOL

When a class is full, eligible applicants are put into a wait pool. However, they will not be given a number indicating their place in line, as it can be misleading. Certain groups, such as alumni, staff children, and currently enrolled families will be given priority. Parents are advised to keep their contact information up-to-date with the admissions office. Applicants remain in the wait pool for a maximum of 12 months.

GRADE PLACEMENT GUIDELINES

- In the Preschool, Junior Kindergarten, and Kindergarten programs, placement is determined based on age requirements for each grade level.
- Students that are 3 years old on or before September 30th can participate in an enrichment program.
- Starting from Grade 1, placement for students joining at the beginning of the BAIS school year is based on the grade levels they have already completed.
- Students arriving after the BAIS school year has begun will continue at the same grade level they were enrolled in as of August of that year. For example, a student from Korea who was in Grade 1 in August will remain in Grade 1 at BAIS if they join during the school year. This may mean that a student coming from a school system that starts in January could complete three semesters of the same grade.
- Students transitioning from a school system with a different academic calendar, such as those starting their year in January, may not skip a semester when joining BAIS. They will be placed in the appropriate grade level based on their previous enrollment and the BAIS academic year, ensuring continuity in their education.
- Final grade placement decisions will be made by the Admissions Team and the Principal after a thorough review of the student's application, following these guidelines.
